

Astria Therapeutics to Present Patient Survey Data at Upcoming 2023 US HAEA National Summit

July 14, 2023

BOSTON--(BUSINESS WIRE)--Jul. 14, 2023-- [Astria Therapeutics, Inc.](#) (NASDAQ:ATXS), a biopharmaceutical company developing STAR-0215 for the treatment of hereditary angioedema (HAE) and focused on life-changing therapies for rare and niche allergic and immunological diseases, today announced that it will present information regarding patient preference for efficacy measures when starting on or switching to a new preventative therapy at the upcoming 2023 US Hereditary Angioedema Association (HAEA) National Summit in Orlando, Florida from July 20-23, 2023.

Sarah Friedhoff, Director of Patient Advocacy at Astria Therapeutics, will present “People Living with Hereditary Angioedema (HAE) Prioritize Attack-Free Status as a Target for Therapeutic Efficacy,” in a poster session beginning on Friday, July 21, at 7:45am ET.

This poster will be available in-person to registered attendees and will be made available on www.astriatx.com following the conference.

About Astria Therapeutics:

Astria Therapeutics is a biopharmaceutical company, and our mission is to bring life-changing therapies to patients and families affected by rare and niche allergic and immunological diseases. Our lead program, STAR-0215, is a monoclonal antibody inhibitor of plasma kallikrein in clinical development for the treatment of hereditary angioedema. Learn more about our company on our website, www.astriatx.com, or follow us on Twitter and Instagram @AstriaTx and on Facebook and LinkedIn.
